

# How To Attract JVs Who Are Happy To Promote You

## Step #1 - Recognize JVs Promote Friends Ahead of Strangers

**Power affiliates get 34875 requests to promote different products a day. But one thing will always hold true... being known as a colleague/friend gives you a HUGE advantage over Joe/Jane FlyByNight.**

Generally, power affiliates will promote products that:

- \* **Satisfies the customer** (low/no refunds) \* **Offers high commissions** (100% ideally) \* **Offers affiliate contests** (more money/ego) \* **Has recurring payments** (passive affiliate commissions month after month)

Remember, when an affiliate promotes to their list, the **commissions they receive are their payment for giving you THEIR leads for YOUR own list.** That's why affiliates generally would never "sell" their leads for low commissions.

So how do you "break in" and become a product creator who affiliates will want to promote?

**Simple! Time consuming but simple.... You become known as a friend who delivers value. Here's how.**

## Step #2 - Learn the BEST Ways To Show Value and Network With JVs

**First, internalize the fact that EVERYONE started as a beginner.... And you ARE good enough to throw your hat into the ring! Next, if you have a list:**

- Take note of today's/tomorrow's product launches at [Muncheye.com](#), [WarriorPlus](#) and [JVzoo](#).
- Next, if the offer converts well (aka high [EPCs](#)) **request to promote it.** If you're not known by the product creator, include a note that states, "Hey there, I'm new but determined to learn, it's okay if you put me on delayed commissions, I just want a chance to prove myself."
- After you've promoted it to your list, you can reach out to the product creator and **thank them for approving you.**

**If you do NOT have a list:** You can still make an impression. In the next step, you'll see FB Marketing groups you can join – for the general purpose ones, you can introduce yourself AND answer questions that other people might ask (just Google for the solutions and then type them out).

**And don't forget that you can always congratulate the [W+ Deal of the Day](#) and [JVzoo Product of the Day](#) winners too on FB... and also comment "great job" when others do so as well. Be Positive! Next:**

## Step #3 - Join FB Marketing Groups And Network

**Now that you have given yourself permission to be positive and make a good impression, it's time to start getting known!**

First, **join these general marketing groups**, introduce yourself and what you'd like to learn:

**Keep in mind you are NOT saying, promote my launch!!** You are going to simply spread goodness and encouragement.

**And while doing that, join the tried and true JV groups so you can stay abreast of all the launches in prep for your own!**

## Step #4 - Now That You've Prepared Your Way... Your Next Steps!

**If you faithfully internalize Step 1 and then do Steps 2 and 3, day in and day out....**

**The power affiliates will start to notice you!** And when you ARE ready to release your first product... **they should be far more willing to consider promoting your offer to their list.**

Sweet! =====> So! **Your next steps are to put all the above into action!**

**Get yourself known by your colleagues.** Give yourself permission to congratulate everyone who has a win (even if its minor) and also share what you're doing as well!

**Don't get discouraged by smoke and mirrors.** Attracting affiliates to promote your launch takes time, takes effort, and above all... Takes mutual respect and appreciation. Become a \*friend\* instead of just a money ticket. You will be far more successful!

And then, of course, **make it happen.** Woot... You've got this!
